About Me

I'm a passionate Frontend Developer with a focus on building **scalable, interactive, and high-performance web applications**. I love turning design concepts into **pixel-perfect, user-friendly experiences**. I thrive on creating reusable UI components, optimizing frontend performance, and leveraging modern technologies like React, Next.js, and Tailwind CSS to deliver seamless experiences across devices.

Skills

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Bootstrap

State Management: Redux, Zustand

Tools & Platforms: Git, GitHub, Vercel

Experience

Frontend Developer | Creative IT Institute | Feb 2026 – Present

- Collaborated in a **6-member cross-functional team**, delivering **5+ dynamic web applications** from scratch.
- Built **interactive, reusable UI components**, ensuring **100% cross-device compatibility** and enhanced user experience.
- Implemented **optimized frontend architectures**, reducing average page load times by **30%**.

Projects

creativeWeb | Interactive Web Platform

Tech Stack: JavaScript, Tailwind CSS

Live: [creative-web-six.vercel.app](#) | Repo: [GitHub](#)

- Engineered a **“Session for Free” feature** to increase user engagement and retention.
- Developed a **mobile-first, cross-browser compatible interface**, ensuring UI consistency across devices.

orebi-eCommerce | E-commerce Interface

Tech Stack: JavaScript, React, Tailwind CSS

Live: [e-commerce-six-liard.vercel.app](#) | Repo: [GitHub](#)

- Designed a **fully responsive, high-performance e-commerce platform**, optimizing the complete user journey from product discovery to checkout.
- Utilized **Zustand** for efficient global state management, reducing unnecessary re-renders and maintaining a **highly scalable codebase**.
